

**LANA CRM**  
REALESTATE WEBSITE & CRM SYSTEM

# Real Estate Website + CRM

[www.LANACRM.com](http://www.LANACRM.com)

e-RAMO For Digital Solutions

# Our system features

- Recording customer data and Property owners with all details.
- Analyzing advertising campaigns and analyzing customer sources.
- Recording the data of real estate units offered for sale or rent.
- Search and coordinate real estate units according to client requirements.
- Automatic suggestion of suitable units for each customer request.
- Automatic alerts of meeting and call dates to all agents.
- Follow up the stages of reservation and contracting for each client.
- The possibility of adding a real estate developer / Broker with admin panel for him.
- Automatic calculation of commissions for each seller.
- Calculating the performance indicators for each employee.
- ROI accountant for every property
- Endless number of analytical reports.
- The ability to design all analytical reports yourself.

In addition to many, many other features

# Search Properties on the system

You can search properties with title, desc, details, amenities, owner details, etc.

The screenshot displays the E-RAMO system interface for searching properties. The top navigation bar includes links to Apps, My Probook 450 G..., 1500 Free PSD flyer..., Google Adwords Sh..., Pages Bookmark, e-RAMO Eid Adha, Free Backlinks Gene..., Free Psd | Freedow..., and a Reading list. The left sidebar contains a menu with options: Dashboard, Brokers (10), Agents (8), Owner Management (241), Property (145), All Property (145), Add Property, Search Property, Submit Property (19), Property Offers, Property Comments, Activity Management, Assign Tasks, Real Estate Control (8), Expenses, Main Settings, All Agent Reviews, Web Management, and Settings.

The main content area is titled "Search Property" and features several search filters:

- Locations:** A dropdown menu labeled "Locations".
- Property Title:** A text input field labeled "Property Title".
- Owners:** A dropdown menu labeled "choose".
- From Price:** A text input field labeled "From Price".
- To Price:** A text input field labeled "To Price".
- Listing Number ( After TG-xyz ):** A text input field labeled "write After TG-xyz".
- Agents:** A dropdown menu labeled "Agents".
- Brokers:** A dropdown menu labeled "Brokers".
- Property Types:** A dropdown menu labeled "Property Type".

A blue "Search" button is located at the bottom right of the search filters.

The results section is titled "Results Property" and shows a table of search results. The table has 8 columns: #, Listing Number, Property Name, Title, Location, property for, Owner name, and More. The table displays 4 entries, with a "Show 10 entries" dropdown at the top left of the results area. A search bar is located at the top right of the results area.
